Graduate Diversity Recruitment: Strategies for Recruiting Diverse Talent in the STEM Disciplines with Kevin Henry

Monday, March 8th, 2-3:30pm

Session availability: Faculty

Zoom Registration Link

A discussion on the racial/ethnic inequities within STEM education, and the disparities this causes students pursuing graduate STEM degrees. We will examine the national STEM landscape of Black, LatinX and Native American students pursuing graduate degrees, and how USC's Viterbi School of Engineering addresses these disparities within our graduate programs.
